

## Discover summer at Fingle Woods

Can you find all 10 of these summer signs on your adventure?

### Foxglove

See it: June-September  
Look closely to see bees  
buzzing in and out of the  
magenta flowers

### Dragonfly and damselfly

Look out for these shimmering  
insects darting through the air,  
or resting on plants, near the  
River Teign

### Butterflies

Watch red admirals, silver  
washed fritillaries and  
speckled wood butterflies  
flitting from flower to flower

### Dung beetle

Keep your eyes peeled  
for dung beetles feeding on  
deer droppings

### Stinkhorn fungus

You'll probably smell this fungus  
before you see it – what a whiff!

### Wood ants' nest

Can you find a huge pile of  
leaves, twigs and pine needles  
crawling with ants?

### Bumblebee

Buzzzz! Listen out for the  
gentle hum of busy bees

### Wildflowers

Can you spot 10 different  
wildflowers among the long  
grasses in Ross Meadow?

### Caterpillar

Can you find a caterpillar  
munching its way through a  
juicy leaf?

### Grey wagtail

Watch out for a small, grey  
and yellow bird, wagging its  
long tail up and down
